TAE50211 Diploma of Training Design and Development

Release: 1

TAE50211 Diploma of Training Design and Development

Modification History

Version **Comments**

TAE50211 Released with *TAE10 Training and Education Training Package version 2.0*

Description

This qualification reflects the roles of training developers and instructional designers who are responsible for analysing training needs and designing training solutions and products to meet workplace capability requirements, and evaluating the effectiveness of training programs. They may have a role in providing guidance and advice to trainers and assessors, promoting innovative practices, e.g. e-learning, and in researching and incorporating best practice in training and assessment into training programs and products.

Pathways Information

Prerequisite requirements

There are no prerequisite requirements for individual units of competency.

Pathways into the qualification

Preferred pathways for candidates considering this qualification include:

- After achieving the TAE40110 Certificate IV in Training and Assessment and vocational experience in training and assessment roles within a Registered Training Organisation (RTO) or similar organisation where the focus has been on competency based training,

or

- after achieving another relevant qualification and vocational experience in training and assessment roles within an RTO or similar organisation where the focus has been on competency based training and assessment,

or

- after demonstrating extensive vocational experience in training and assessment roles within an RTO or similar organisation where the focus has been on competency based training and assessment.

Refer to the User Guide for more information concerning pathways.

Pathways from the qualification

Those completing this qualification could consider higher qualifications in this Training Package, the Training Package area of their vocational competence, or in the higher education sector.

Licensing/Regulatory Information

There is no direct link between this qualification and licensing, legislative and/or regulatory requirements. However, where required, a unit of competency will specify relevant licensing, legislative and/or regulatory requirements that impact on the unit.

Entry Requirements

Not applicable.

Packaging Rules

Total number of units = 10

5 core units plus

5 elective units

3 elective units must be selected from the elective units listed below.

The remaining **2 elective units** may be selected from any currently endorsed Training Package or accredited course.

Where a unit is chosen from another currently endorsed Training Package or accredited course, it must be from a qualification or course at Diploma level or above.

Elective units must be relevant to the work outcome, local industry requirements and the qualification level.

Core units

TAEASS502B Design and develop assessment tools

TAEDES501A Design and develop learning strategies

TAEDES502A Design and develop learning resources

TAEDES505A Evaluate a training program

TAETAS501B Undertake organisational training needs analysis

Elective units

Assessment

TAEASS501A Provide advanced assessment practice

TAEASS503A Lead assessment validation processes

TAEASS504A Develop and implement recognition strategies

Delivery and facilitation

TAEDEL501A Facilitate e-learning

TAEDEL502A Provide advanced facilitation practice

Design

TAEDES503B Design and develop e-learning resources

TAEDES504A Research and develop units of competency

Professional development

TAEPDD501A Maintain and enhance professional practice

Industry and community relations

TAEICR501A Work in partnership with industry, enterprises and community groups

Language, literacy and numeracy

TAELLN401A Address adult language, literacy and numeracy skills

TAELLN501B Support the development of adult language literacy and numeracy skills

Research

TAERES501A Apply research to training and assessment practice

Sustainability

TAESUS501A Analyse and apply sustainability skills to learning programs

TAESUS502A Identify and apply current sustainability education principles and practice to learning programs
